

The Solarity Group  
Bright Ideas. Clear Solutions.

# The Solarity Group

Bright Ideas. Clear Solutions.

Description	This seminar provides an introduction to those interested in learning more about project management. You will conduct a discovery exercise to learn a practical project management process, and receive an overview of common terms, concepts, tools and techniques for managing projects more effectively. You will also learn about the various project management certifications, and best practices for obtaining them.
Length	4 hours
Prerequisites	None
Who Should Attend	<ul style="list-style-type: none"><li>• Professionals from any industry who wish to advance their knowledge of Project Management</li><li>• New project managers, team leads, project coordinators, or project team members</li><li>• Experienced project managers who want to learn more about the formal "theory" of project management</li></ul>
Rate	\$125 \$100 for PMI® and LouisvillePM members  Cost of admission includes beverages, and is fully redeemable for credit toward a Solarity Group certification course.
